

What's happening at Bristol Lakes

Latest Update 4/3/2012... From the President's Desk

■ GENERAL INFORMATION

IMPORTANT BRISTOL LAKES INFORMATION All Bristol Lakes Residents have received a mailing and an invitation to attend either of two community meetings that provided details on a Mass Dispensing Program for Aberdeen residents and employees only. The program is being conducted in co-operation with the Florida Department of Health. [Download More Information](#)

The Aberdeen Mass Dispensing Program Census form contained in the Program package is required to be completed and submitted to The Bristol Lakes Committee for collect and submittal to the POA. Registration (Completing and submitting the Census form) is required to participate in the program. Registered Residents and their families will receive the Medication in the event of an incident.

Please contact either Bill Fleming or John Curlew if you have any questions.

■ HOA COMMITTEE NEWS - REQUEST FOR ADDITIONAL MEMBERS

If any of you are interested in serving on any committees, please e-mail me back with your contact information and the types of committee(s) you would be interested in serving on. We have a lot of things that we need to accomplish and can use all the help we can get.

■ IRRIGATION

When you have a service request for irrigation, please continue to call Shannon Koorse at Residential Management at (954) 426-0151. They will forward the request to the Sprinkler company and track the job completions. If you have a broken sprinkler head , please be specific as possible as to the location of the head and if they are not visible please mark it with a flag, post or cloth so the irrigation company can locate it. The irrigation company batches repair orders and performs periodic maintenance checks on system performance.

The Irrigation is a community system and individual homeowners must not adjust or change the system. All materials that are put into the street storm drains flow to our lakes and are then sprayed onto our lawns.

■ COMMUNITY ACCESS

Residents can obtain new Gate Vehicle Bar Code Stickers and Card Reader Access Cards from Bill Fleming at 561 737-7468.

Vendor access can be permitted between 9:00 AM and 4:00 PM Monday thru Friday by scrolling down to RMC (Number 400).

■ LANDSCAPING

If any Resident desires to handle their own landscaping, please call Shannon Koorse at RMC to have a record prepared to advise our landscaping company. We will still cut and edge grass and do lawn care.

- If you have a specific request or an issue with landscaping work, please call Shannon Koorse at Residential Management Concepts (RMC) at (954) 426-0151.

■ LANDSCAPING SCHEDULE (Weather Permitting)
